

Medications are known to increase the risk of falls in older adults[†].

“I now feel safe and reassured when I am alone at home knowing that if I fall I can ask for help immediately.”

Mrs Andree B
Trustpilot.com, Nov 2021

Staying active as we age improves both physical and mental health

“A Personal Alarm can reduce overall hospital admissions in older adults by up to 50%.”

Prof. James Brown
Aston University

[†] Zaninotto, P., Huang, Y.T., Di Gessa, G. et al. Polypharmacy is a risk factor for hospital admission due to a fall: evidence from the English Longitudinal Study of Ageing. BMC Public Health 20, 1804 (2020).

Personal alarms — giving confidence and independence

Call or go online quoting discount code 'AGENI-2971' to save £40 off the set-up cost¹:

0800 023 2971³

Lines open 8.00am - 5.00pm, Monday to Saturday.

www.ageni.org/alarmsgp

The Age NI Personal Alarm provided by *Taking Care*, part of AXA Health.

¹ £40 off set-up cost, for new customers only, does not include monitoring cost. Offer valid until 31st July 2022.

² The Fall Alarm cannot guarantee to detect all falls and is dependent on the impact from the fall. If you fall and can press the emergency button, then you should do so.

³ If you call the 0800 number, you will be dealing with Taking Care. Calls to 0800 numbers are free on mobile phones and landlines.

⁴ Ts & Cs apply. Initial set-up paid upfront. You will be charged an initial set-up cost, self set-up only. If you cancel within the first 30 days this fee will be fully refunded when you return your alarm.

⁵ Weekly price based on ongoing monitoring costs after initial set-up (ex VAT) of the Classic Personal Alarm when paying annually. Does not include any call costs to an 0845 number.

Personal Alarms for total peace of mind

Proceeds from the sale of these products help Age NI to deliver vital services to older people across Northern Ireland.

Independence when it's wanted, help when it's needed.

As we age, we can develop health conditions that can impact our ability to go about our daily lives. These conditions may mean we're less mobile or at greater risk of a fall.

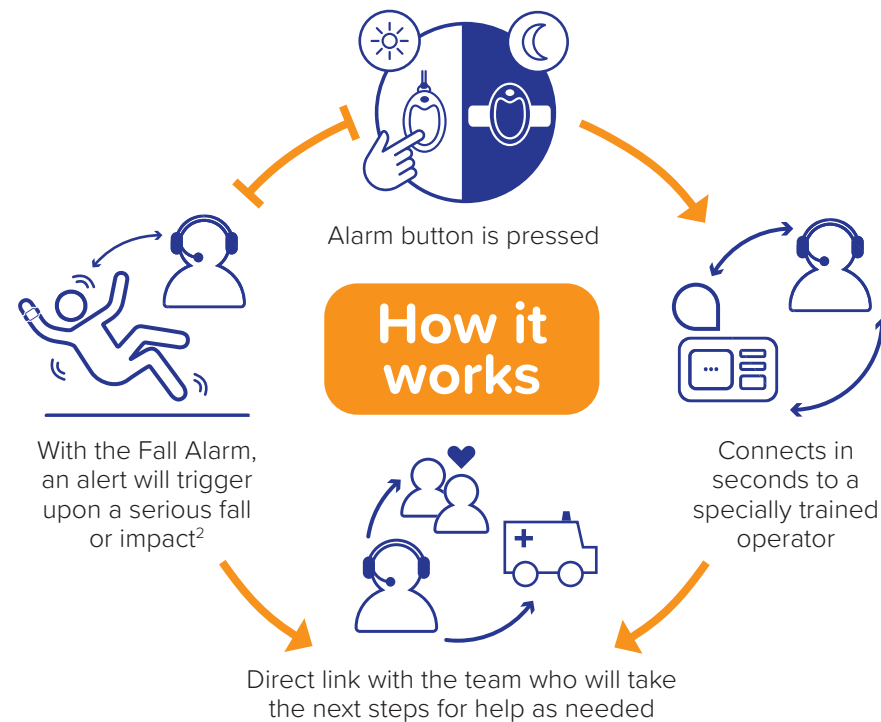

With the NHS under increased pressure, particularly following the Covid-19 pandemic, more people are recovering from treatment or managing their health conditions at home. At a time when it's important to maintain health and fitness to aid recovery, you need to feel confident at home and reassured that help is available when needed.

A personal alarm can help give you or your loved one the confidence to stay independent and active at home, safe in the knowledge that if the worst happens, you can get help at the press of a button.

Now with £40 off the set-up cost¹, there's never been a better time to get an Age NI Personal Alarm – peace of mind for you or a loved one.

With a Personal Alarm, your loved ones can stay independent at home longer.
Don't wait until it's too late.

- The confidence this brings can allow older adults to remain in the home they love, living life on their terms
- By providing a personal alarm, they can have the peace of mind they need to continue staying active and independent
- Feel reassured that loved ones can get help quickly in the event of a fall or emergency
